

# Project A: Robot and Snowman

Name: Yipeng Pan

NetID: YPK6670

## Introduction:

Use the umbrella to protect you, the robot, and the snowman from the rain. You will rust over time if you are not under the umbrella, and the snowman will melt if it is not under the umbrella.

## User guide:

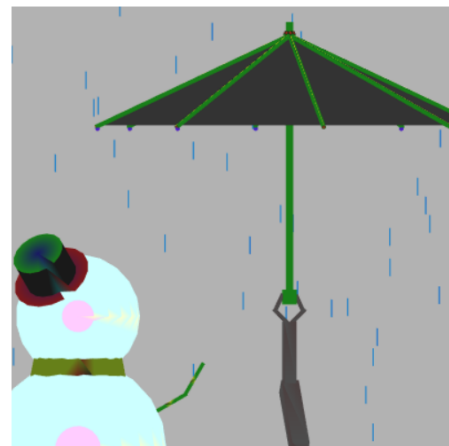

Click on the bottom right to use the umbrella. Press arrow keys to move the robot's arm, so you can move the umbrella. Use W,S,A,D keys to move the snowman's arm. In addition, you can rotate the umbrella by drag your mouse.

## Pictures:

Click on the bottom right to use the umbrella.  
Use Arrow keys to control the robot arm.  
Use WASD keys to control the arm of the sonwman.  
Drag your mouse to rotate the umbrella.  
Use your embrella to help the sonwman, or it will melt.  
But you will rust if you are not under the umbrella.

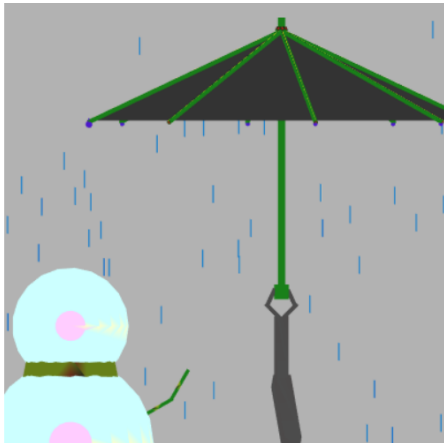

Figure 1 Initial scene

Click on the bottom right to use the umbrella.
